

All ASI products are designed and manufactured to high quality standards to ensure many years of satisfactory service. To assure long life and beauty, products should be cleaned, protected, and maintained as described below. Maintenance methods varying from the below may forfeit any user/owner claims to warranty.

Use a soft cloth or towel free of dirt and debris to avoid scratching the surface of the glass, with a mild detergent or cleaning solution.

Never leave tape or adhesives on the glass surface. These materials may be difficult to remove and may require professional removal.
